New York. Oct 24.—In the stock market to-day the seakness in silver, higher rates for money and especially the continued liquidations in Sugar refineries were the disquieting features. Sugar was the feature of the day and except for one slight reaction, the downward movement was not checked until 61½ touched. This is a loss of 11½ per cent since Wednesday and 13½ since Monday. An apparont effort to advance the stock in the afternoon caused a rush to cover carrying it near 1½ per cent beyond the opening. In the afternoon reports from Chicago saying all grangers except the Northwestern, were about to boycott the Union Pacif, was the signal for a combined attack on these roads, but a vigorous rally in Sugar brought everything else up. Final changes for the day show a majority of losses, generally fractional. Union Pacific is down 1½.

knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy. NEVER BEEN DISAPPOINTED.
